

IMPORTANT NOTICE

March 11, 2020

To: SEASIDE HEALTH PLAN PROVIDERS

FROM: DR. SCOTT S. FERER, CMO 

RE: COVID-19 TESTING

A notice was sent to all California managed care plans on Friday, March 6, 2020 from the Department of Health Services (DHCS), related to the COVID-19 Screening and Testing.

DHCS requires managed care plans to provide daily reporting, including weekends, of any positive COVID-19 tests among our members.

Due to this notice from DHCS, Seaside Health Plan is requesting that all our contracted Providers inform us immediately of any members with a positive COVID-19 test.

Send member name, birth date, and test date and results to:
SeasideQuality@memorialcare.org

Thank you.
