Provider Resources & Trainings
September 2021

Please take time to review the free resources and trainings we have available this month.

CME/ CNE credits are available (See below)

Trainings

- ❖ **COVID-19 Impact on Behavioral Health Care** *(12.5 CME)* - AAFP
  <u>Adapting new methods to manage anxiety, depression, and ADHD</u>. This self-pace training provides in-depth education on how to provide the support your patients, yourself and your care teams need as a result of the impact of COVID-19. <u>Click here</u> for session.

- ❖ **General Best Practice Guidelines for Immunization Course** *(3.5 CME)* - CDC
  This course provides clinicians and other health care providers with ACIP's best practices guidance on immunization. <u>Click here</u> for session.

Resources

- ➢ **COVID-19**
  - o <u>Health Care Worker Vaccine Requirement -</u> CDPH order issued on August 5, 2021, requires everyone who works in a health care facility to be vaccinated against COVID-19. Workers must have received their final dose of a two-dose COVID-19 vaccine series or the single dose of a one-dose COVID-19 vaccine by September 30, 2021. Exemptions from the vaccine requirement are permitted only for religious beliefs or qualifying medical conditions. (<u>full order online here</u>)

  - o <u>Requirement for Visitors in Acute Health and Long-Term Care Settings</u>- CDPH amended order of August 5, 2021 requires, unvaccinated or partially vaccinated visitors to be eligible for indoor visits only if they can show documentation of a negative SARS-CoV-2 test where the specimen collection occurred within 72 hours before each visit and for which the test results are available at the time of entry to the facility. (<u>full order online here</u>)

  - o <u>Pfizer Full Approval for COVID of 1st dose 16 years and older</u>- *(<u>full announcement online here</u>)*

  - o <u>Vaccinations and Pregnancy</u> Watch the MemorialCare Webinar (available <u>here</u>), as Obstetrical and Maternal Fetal Medicine experts continue to passionately advocate for all women to "get vaccinated".
